Saturday 16th July 13.00h – 16.00h

in the Tiergarten, Berlin.

FREE. All welcome.

Please bring rugs and picnic to our PICNIC zone below

Come ride the new sonic bikes with pieces made by Chiara Kramer, Evelyn Saylor, Philipp Sehling and Marcus Zepp, who have been exploring bicrophonics with Kaffe Matthews, Edgar Varèse Guest Professor TU, supported by Sukandar Kartadinata and David Runge.

Follow the Black Bild by **Chiara Kramer** - a sound escape from reality to the mystic middle.

Sounds will guide your way from a human created environment to a dreamlike surrounding.

Bycyclone by **Philipp Sehling** - a piece for cyclist and sonic bike playing circular motions of tones.

Gone to Ground by **Evelyn Saylor** - a sonic journey through the past and present lives of the Tiergarten.

Take the "B" Train by **Marcus Zepp** - a sound experience for rail-bikers to sonically travel through Berlin Tiergarten's invisible underground stations

Find the sonic bikes at the PICNIC zone marked above. Bicrophonic Research, TU Berlin, has been supported by the DAAD funded Edgar Varèse guest professorship & INM.sonicbikes.net
